

FOSCARINI

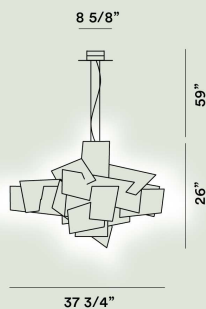

Big Bang Suspension

Enrico Franzolini, Vicente Garcia Jimenez
2005

Irregular intersections of planes in space create a vivid sculptural volume of great visual impact. The lamp provides direct lighting on the surface below and diffused lighting in the room. The particular arrangement of the methacrylate panels ensures maximum reflection while preventing glare.

Big Bang Suspension

**Color**

White

Material

Methacrylate and aluminium varnished

Light Source

Bulb not included R7S 200W Max Dimmable

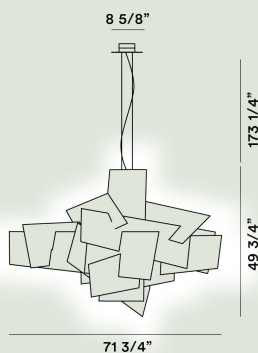

Weight

lb 11,9

Certifications

CE IP 20
