## Caboche Plus Table

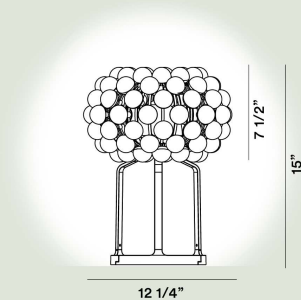

*Patricia Urquiola, Eliana Gerotto*  
2005

More transparency, lighter shapes and an even brighter light. New arches, a new “twist lock” attachment system and new spheres, that appear to float in space once mounted, create a truly beguiling total transparency effect. When it is switched on, light spreads without interference. Alongside the traditional transparent version, it is also available in the new, sophisticated grey colour.
